Hello everyone,

I'm back and with me a new chapter :D

Now the problem is gonna be that the spanish translations don't seem like they are gonna get updated so I already tried translating the russian version and it worked a bit but not as good as the spanish ones.
I'm gonna keep trying but if it's not going to work I'm going to need help from someone who can speak russian.

But those are problems for the future.

Have fun and enjoy the chapter!!

The Axel I have in front of me transmits...

It's the second time he says it
☆Es la segunda vez que dice esto...

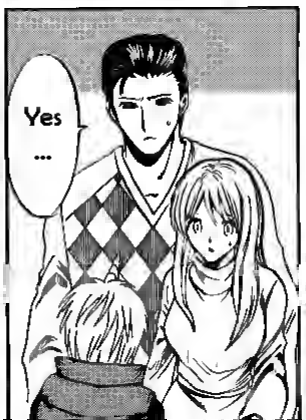
Very well, Arrested ♥ Let's go, Kawasaki.
Stop ordering me around dammit

We couldn't get children so...
We are sorry …

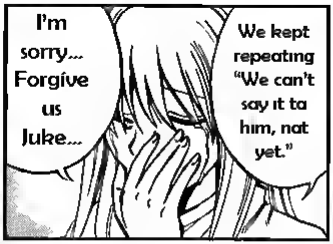


Yes …

Are you human?

And since then all we did was love

One day, we went ta the arphanage and chose you



Pero no le dijimos nada porque no queríamos que supieras que no éramos tus verdaderos padres
Nos dimos cuenta de que eras un rare una noche, mientras llorabas

We noticed you were a Rare one night while you cried

but we did not tell you anything because we didn't want you to know that we were not your real parents

I have the feeling that I will know how to live if I go with them.
I think... I learn a lot from them, especially Axel.
You see, these people are also Rares

You're going to leave us...?
Juke ...
Ok?
I will also go to school from the home of these people.
I want to know what I can do... to be able to forward in life.
I want to know my own power...

Papa... Mama...!

¡Papá... Mamá...!
Juke ... we'll be waiting, okay?
Of course! I'll stop by here from time to time!

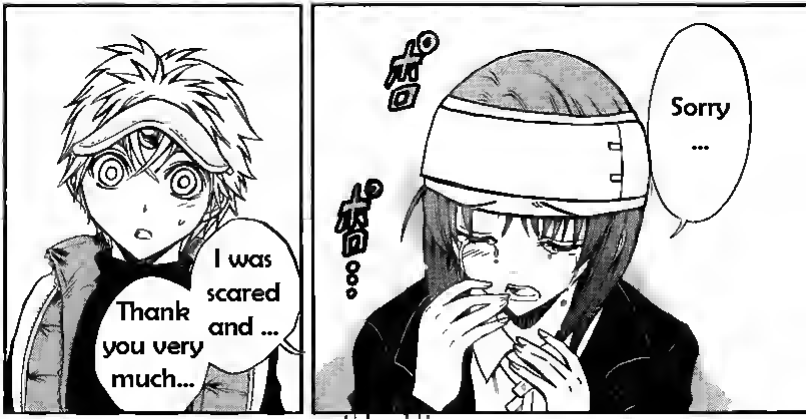
Here ...
It is a medicine made from unicorn.

"Sorry about last time"
Come on, I have to tell her that ...
Lo único que puedo hacer para ser útil es esto
Ahora mismo...
I heard that it works very well.

The only thing I can do to be useful is this. Right now...



We're friends, right?
and don't worry,
Eh?
Today you've done quite well as my partner.
Mira!
Axel!
Of course, Axel!
